Frankfurt, August 21, 2024

Dear GIRT members and friends of India,

it is my pleasure to welcome you to another GIRT-Event. This time, we will learn about a highly interesting and innovative project which has been launched by a start-up team made up of founders in Germany and India. Their presentation on

### **Artificial intelligence in agriculture: small robots for small farmers**

will show is how AI-powered robots can be used to help small farms in developing countries to remove harmful weeds, thus increasing the efficiency of crop production by reducing pesticide use, which helps to avoid crop losses. These devices cooperate with each other via a proprietary algorithm.

The presentation will be held in English. We would be happy to welcome you on

**Tuesday, 17 September 2024**  
**18.00h**

We will be meeting at the „Delhi Tandoori“ restaurant in Frankfurt.

After the presentation, we will have the opportunity to continue our discussion over dinner. A lump sum of € 28 per participant will be charged by the restaurant; drinks will be charged separately.

Kindly confirm your participation on the attached sheet (in German) until **September 16, 2024**. And of course you are more than welcome to forward this invitation to others who might be interested in the topic.

We look forward to welcoming you on September 17 and to an interesting and lively exchange with you.

With kind regards,

Johannes Weisser
